

Old Forge Fire Department
116 Fulton St. Old Forge, NY 13420 * (315) 369 – 2358
Oldforgefd@gmail.com * <http://www.offd.org> *

- The Old Forge Fire Department oversees the Town of Webb and recognizes this late-season snowstorm as a community emergency.
 - Our primary concern is the safety and well-being of our community members.
- For those who are unable to leave their homes or find themselves in hazardous circumstances, we will be providing transportation and relief assistance as needed.
- As a safety precaution, please never use indoor heat sources such as wood fire stoves, open ovens or excessive candles, as these release toxic fumes that are dangerous for your home.
 - Emergency heat blankets and hand warmers will be supplied to residents as a safe alternative for warmth.
- Our department has made an informational flyer detailing recommended safety practices in response to the frigid temperatures, dangerous road conditions and general disruption caused by the storm.
 - Distribution has already begun and will continue over the following days.
- Due to the volume of fallen trees and power lines on the roads, we advise that you refrain from driving until the debris has been thoroughly cleared.
 - Our local troops are working tirelessly on restoration efforts.
- The department will be utilizing the community radio station to announce updates as they come.
 - Please tune in to stay informed, remain patient and reach out for assistance if needed.
- Thank you to the Webb community for being patient with all of the volunteers and first responders working to support our town at this time.
